Property Details

15 Kalinda Place, CASINO

SOLD BY THE WAL MURRAY RURAL TEAM

2  2  1 

Moved from the town centre 10 years ago, this beautifully presented weatherboard house undertook some tasteful renovations and is located on this spacious 1034m² (1/4 acre) block in a desired location just on the outskirts of Casino.

Polished timber floors flow throughout the entire house with fully insulated walls and 3 metre (just under 10 foot) ceilings. Featuring 2 large bedrooms in total both with ceiling fans and the main also has a small walk-in robe along with its own ensuite.

There is an open plan living area which features reverse cycle air-conditioning and ceiling fan and flows onto a separate dining area which also has a ceiling fan.

With plenty of storage and bench space, the kitchen area has lots of room and features a dishwasher, electric cooktop and wall oven. The main bathroom has a free standing claw bath along with a shower cubicle and separate toilet. One end of the room is set up for the laundry area.

A fully covered timber deck with plenty of entertaining space runs down one side of the property and along the rear of the home. It can be accessed from the main bedroom, dining area and rear door. Sit back and enjoy the afternoon breeze whilst peering over rooftops out towards a rural outlook.

The property is fully fenced, has well established gardens along with raised veggie beds. A nice size chook pen comes with the sale along with high carport for vehicle accommodation. There is a 300 litre solar hotwater system in place along with 8 solar panels to keep those electricity bills down.

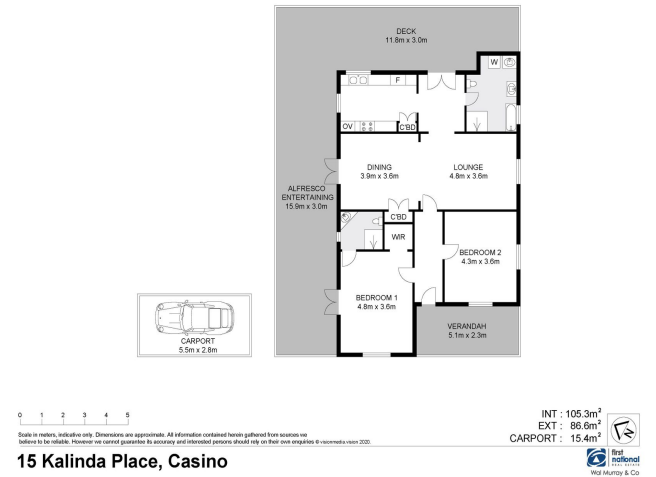

For your private inspection please call Gary Ghilardi on 0438 868 627.

- 2 Bedrooms
- 2 Bathrooms
- 2 Toilets
